The C R T Woods

With a thousand words I heard
Them singing in the night
And the only thing I see
Is nothing in the moonlight
In the crowded woods I feel
Them move me all around
I can only hope to dream
That feeling I forgot

Speak To You [Memory Messengers]

All I do is try to speak to you
[The more I do it time moves me too]

Sunset (By Plane)

In a good way I see us now
What time allows to think
Deserts spilled out before my words
Never heard by you
There was the plane
There was the rain
We didn't panic
We were static
My hidden palms
My lying calm
Didn't wave you in to the dawn

In tender nights the could-have-beens
Spirred me around seeped in my sleep
Would I be yours if we caught our dreams?
Our dreams may show us tonight.
But we follow through, a hundred moons
Spin me up in a cocoon
When I am new, a different view
Can't forget you

California:
Who will you make me?

On My Own

You say: you're all I got
But there's much more to life than love
You'd want to keep me down
But I'd be better off above

Oh and I know, you thought I'd never go

No, it's not so
I am not the weaker one when I'm here on my own
Now, here I go
Bite your tongue when you see all I am on my own

And I'm on one.

We're all looking for
We've all been looking for the one
And all we've ever done
We've drifted further from the fun

And I'm on one.

No, it's not so
I am not the weaker one when I'm here on my own
Now, here I go
Bite your tongue when you see all I am on my own

And I'm on one.

Up To You

Well it's up to you to feel the way you do
And it's up to you to bring a meaning through
And we've been trying to hide, we want another life
But there is nothing that we can do

The truth is out of reach
The city stands alone
And in my own design
I'd change with my mind
But all of these are dreams
They motivate my movement through this fog of time
I must forget myself
I must remember you

Well it's up to you to feel the way you do

(But all of these are dreams)
And it's up to you to bring a meaning through
(They motivate my movement through this fog of time)
And we've been trying to hide, we want another life
(I must forget myself)
But there is nothing that we can do
(I must remember you)

WeDie

I want to tell you
I want to tell you why
I want to show you
How I let it die
After all and after all we have to
After all and after all we've been through
After all and after all we have to
After all and after all we've been through
